

# CDI launches public vote to find the World's Best Resume Writer

## Pick the winners for First, Second and Third Place!

Last year [Career Directors International](#) (CDI) launched the first-ever search for the [World's Best Resume Writer](#) which was open to ANY resume writer in the world, both members and non-members.

Competitors who registered received a file with data about the job seeker from which they each created their version of the best resume. Then, a panel of 16 HR managers, sr. recruiters, OD specialists and certified resume writers judged the entries (with no knowledge about the authors) and selected their top three nominees and winners.

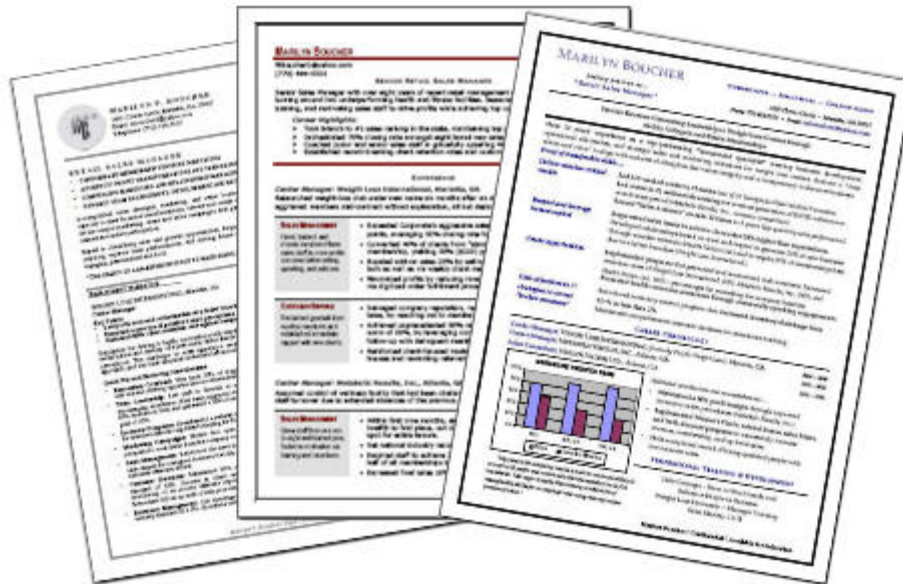

Please view the following three nominees and rate them first, second and third in the poll.

Judging ends 2/13/09.

This opportunity has been posted on LinkedIn.com, Twitter.com, and Facebook.com!

Winners will be announced 3/2/09.
